

Global Supply Chain and Logistics Management

November 9, 2017

What is the Global SCLM option?

The Global Supply Chain and Logistics Management option is a specialized option and joint exchange program between the Sauder School of Business, Copenhagen Business School (CBS) and Chinese University of Hong Kong in Shenzhen (CUHKSZ).

Students from the three institutions study together as a cohort for three terms and take common courses in global supply chain and logistics management.

The curriculum has been designed to develop conceptual thinking, communication skills, creativity, and the ability to undertake analysis with the relevant analytical tools. Practical application will allow students to generate ideas that advance the practice of global supply chain and logistics management.

Why Sauder/CBS/CUHK(SZ)?

Strategic partnership between the three institutions

Common interest in global logistics and supply chain management

Geographic location of cities in key regions of the world

Similar academic programs and academic culture

Reputation and quality of institutions

Copenhagen Business School (CBS)

Copenhagen Business School was established in 1917. With close to 22,000 students and 2,200 faculty and staff, CBS is one of the largest business schools in Europe and one of the 8 Danish universities

Accredited by **EQUIS**, **AMBA** and **AACSB**. CBS has thus acquired 'The Triple Crown', an acknowledgement only shared by only 77 business schools worldwide

CBS offers world-class research-based degree programmes at undergraduate, graduate and PhD levels as well as executive and other post experience programmes

CBS is primarily located in four modern buildings in Frederiksberg, close to the heart of Copenhagen

Denmark is the EU's 11th largest economy and the world's 12th most competitive economy

Chinese University of Hong Kong, Shenzhen CUHK (SZ)

As a young and vibrant university, CUHK (SZ) is committed to creating new knowledge with innovative thinking, while preserving and promoting traditional Chinese culture.

Management of CUHK (SZ) is modeled on the system developed over the years of experience of Chinese University of Hong Kong (CUHK).

Shenzhen is a major city in the south of Southern China's Guangdong Province, situated immediately north of Hong Kong Special Administrative Region. The area became China's first—and one of the most successful—Special Economic Zones.

Shenzhen continues to be one of the fastest growing cities in the world. In 2014, Shenzhen's GDP totaled \$260.48 billion and it's economic output is ranked fourth among the 659 Chinese cities (behind Beijing, Shanghai and Guangzhou). Shenzhen's Vibrant economy made possible by rapid foreign investments, modernizing industrial infrastructure, and a fair market order.

Program Benefits

Unique and enriched educational opportunity

Cultivate personal, professional and academic success

International exposure

Cohort of up to 45 students

Access to multiple business career centres

Increased demand for graduates in supply chain and logistics management
