Global Supply Chain and Logistics Management (Global SCLM)

November 10, 2020
What is the Global SCLM option?

The Global Supply Chain and Logistics Management option is a specialized option and joint exchange program between the Sauder School of Business, Copenhagen Business School (CBS) and Chinese University of Hong Kong in Shenzhen (CUHK-Shenzhen).

Students from the three institutions study together as a cohort for three terms and take common courses in global supply chain and logistics management.

The curriculum has been designed to develop conceptual thinking, communication skills, creativity, and the ability to undertake analysis with the relevant analytical tools. Practical application will allow students to generate ideas that advance the practice of global supply chain and logistics management.
Why Sauder/CBS/CUHK-Shenzhen

• Strategic partnership between the three institutions
• Common interest and expertise in global logistics and supply chain management
• Geographic location of cities in key regions of the world
• Similar academic programs and academic culture
• Reputation and quality of institutions
Copenhagen Business School (CBS)

Copenhagen Business School was established in 1917. With close to 22,000 students and 2,200 faculty and staff, CBS is one of the largest business schools in Europe and one of the 8 Danish universities

Accredited by EQUIS, AMBA and AACSB. CBS has thus acquired 'The Triple Crown', an acknowledgement only shared by only 77 business schools worldwide

CBS offers world-class research-based degree programmes at undergraduate, graduate and PhD levels as well as executive and other post experience programmes

CBS is primarily located in four modern buildings in Frederiksberg, close to the heart of Copenhagen
Chinese University of Hong Kong, Shenzhen

As a young and vibrant university, CUHK-Shenzhen is committed to creating new knowledge with innovative thinking, while preserving and promoting traditional Chinese culture.

Management of CUHK-Shenzhen is modeled on the system developed over the years of experience of Chinese University of Hong Kong (CUHK).

Shenzhen is a major city in the south of Southern China’s Guangdong Province, situated immediately north of Hong Kong Special Administrative Region. The area became China’s first—and one of the most successful—Special Economic Zones.

Shenzhen continues to be one of the fastest growing cities in the world and is know as the Silicon Valley of China. Shenzhen’s Vibrant economy made possible by rapid foreign investments, modernizing industrial infrastructure, and a fair market order.
