UBC Sauder

School of Business

Robert H. Lee

Graduate School
UBC Sauder Co-op

Dean’s Co-op Grant for Charities and Non-Profits

Hari B. Varshney
Business Career Centre
Dean’s Co-op Grant for Charities and Non-Profits

UBC Sauder School of Business (UBC Sauder) is pleased to offer the Dean’s Co-op Grant for charitable organizations based in British Columbia, a collaborative initiative to support talent in BC’s charitable sector.

Key Objectives & Benefits

The key objectives of the Dean’s Co-op Grant Program include:

• Providing financial incentives to small not-for-profits to hire Co-op students.
• Connecting motivated Co-op students to business needs in the charitable sector. Students bring knowledge and fresh ideas from their business courses to help organizations complete projects that they would not normally be able to undertake.
• Work experience for students in various business areas depending on the need of the employer and exposure to not-for-profit environments.
• Encouraging charitable organizations to hire Co-op students.

What is Co-op?

Co-operative Education is a program that integrates work experience with a student’s post-secondary education. The UBC Sauder Co-op Program accepts students in 2nd or 3rd year through a rigorous application process to determine employability skills, motivation and capacity to learn and grow. Students are available for 4 or 8 month paid work terms starting in January, May or September. Please see further information in the UBC Sauder Co-op Employer Guide included with this package.
Program Funding

There are two $5,000 grants available per term. This funding is to subsidize a student's salary; therefore, the employer is required to providing funding for the remainder of the student's salary.

Employers may be awarded a grant for no more than two consecutive terms and then must have at least a one year break before being eligible for funding again.

Organization Eligibility

To participate in the **Dean's Co-op Grant Program**, an organization must:

- Be established in BC.
- Employ 50 or fewer full time-equivalent employees on their payroll at the time of the Co-op hiring.
- Be established as one of the following:
  1) Registered charity
  2) Not-for-profit organization

Eligible Co-op Work Terms

To qualify for the **Dean's Co-op Grant Program**, work terms must:

- Be approved by the Hari B. Varshney Business Career Centre at the Sauder School of Business.
- Be a minimum of one Co-op term as determined by the Sauder Co-op Program (12 – 16 weeks).
- Provide the student with meaningful work during the work term.
- Provide a fair market wage to the student for the work performed during the term.
- Include student supervision, a site visit, and end of term performance evaluation.
Grant Application

Interested organizations can submit an application for the grant and a proposed job description to coop@sauder.ubc.ca for approval.

Once approved, the recruitment of a Co-op student will follow the process described in the UBC Sauder Co-op Employer Guide at the end of this document. The student hired will be considered a temporary employee of the organization.

Payment of the Grant will be disbursed to the organization before the final month of the Co-op work term. The organization must provide proof of payroll.

Changes and Termination

Any substantial changes or termination of the work term must be communicated to the Co-op office in advance of any action taking place.
